FADE IN

EXT. ROOFTOP - NIGHT - POLICE BODYCAM (COLD OPEN)

Wind howls over flashing blue lights. The lens jitters as an OFFICER bends to retrieve a tiny SD CARD from a potted plant beside a table leg.

The OFFICER's gloved fingers hover over it a second too long, like even he senses this is heavier than plastic.

POLICE (V.O.)
We've got multiple victims up here.
Confirmed fatal.

The camera TILTS UP -

LILY (25) is wrapped in a thin POLICE BLANKET in the corner.

Face streaked with tears, but eerily composed.

Her eyes LOCK on the SD card as the officer pockets it.

For one fleeting second, her fingers tighten on the blanket,

KNUCKLES WHITE - an impulse to speak, to stop him - then release.

A LONG, SILENT STARE.

LILY
(a breath, barely audible)
Careful... that's my story.

The OFFICER glances over, not quite hearing her. She instantly softens her face - makes herself small again, harmless, shivering.

SMASH CUT TO BLACK.

TITLE CARD: THE AMICICIDAL MASSACRE

INT. MIA'S APARTMENT - DAY - FOUND FOOTAGE / VLOG INTRO

A shaky handheld shot.

An influencer RING LIGHT blooms in the frame. Soft, flattering. Perfect.

MIA (27), bright and polished, adjusts the camera. Her smile clicks on like a switch.

Behind her, a VISION BOARD: pictures of rings, a house, a passport, a brand logo mockup. In the center: "TO BE PRECIOUS" in glitter letters.

MIA
(cheerful)
Hey everyone! Welcome to the very
first video on my new channel – To Be
Precious!

She waves, too energetic, covering nerves.

MIA (CONT'D)
I'm Mia, soon-to-be Mrs. Liam Brooks,
and I want to take you through
everything – the proposal, the
planning, the party – all of it.

She glances sideways at the vision board when she says "Mrs. Liam Brooks," like she's checking she's on script.

Her smile FLICKERS – then resets.

MIA (CONT'D) (CONT'D)
The most incredible day of my life. I
still feel... different.

She searches for the right word.

MIA (CONT'D) (CONT'D)
Like I'm finally becoming who I'm
supposed to be.

Her eyes drift just off-camera – something about the word "supposed" lands heavy.

LIAM (26) appears behind her – tall, clean-cut, polite grin.

He kisses her cheek mid-sentence, slightly smudging her gloss.

MIA (CONT'D) (CONT'D)
(rolls her eyes, playful)
Okay, babe. Introduce yourself before
they think I made you up.

LIAM
I'm Liam. The lucky guy.

He looks at himself in the flip screen a half-second too long.

Approves what he sees.

MIA
This is my fiancé. We're planning a
rooftop engagement party – small,
intimate, just close friends.

LIAM
Yeah, Lily's putting together
something special. The slideshow,
right?

MIA
(laughing, a little tight)
She hasn't even asked me for pictures.

LIAM
Everything's online. She probably
already has it all.

A faint, strange silence lingers.

Mia's smile flickers again, this time at the words "has it all."

She glances at the camera – the audience – like she wants to say something real. Then swallows it.

MIA
(back to performance)
Anyway, we'll see you guys when we go
tour the venue!

She reaches forward and taps the camera. Her smile drops the instant the red light goes off – shoulders sagging, eyes tired.

EXT. BEACH - DAY (PHONE FOOTAGE)

Liam kneels in the sand, sun setting behind him. The crowd cheers. Mia cries, gasps "yes," then kisses him.

INT. DAY - MIA'S APARTMENT (VLOG CONTINUES)

MIA

The most incredible day of my life. I still feel... different. Like I'm finally becoming who I'm supposed to be.

Her words falter. Behind her, LIAM (26) appears - tall, clean-cut, but unreadable behind his polite grin.

He kisses her on the cheek mid-sentence.

MIA (CONT'D)

(rolls her eyes, playful)
Okay, babe. Introduce yourself before they think I made you up.

LIAM

I'm Liam. The lucky guy.

MIA

This is my fiancé. We're planning a rooftop engagement party - small, intimate, just close friends.

LIAM

Yeah, Lily's putting together something special. The slideshow, right?

MIA

(nods, laughing nervously)
She hasn't even asked me for pictures.

LIAM

Everything's online. She probably already has it all.

A faint, strange silence lingers. Mia forces another smile.

MIA
Anyway, we'll see you guys when we go
tour the venue!

INT. LILY'S CAR - DAY - PHONE VOICE MEMO (PRIVATE)

Dashboard shot from LILY's parked car.

She sits alone, fingers tapping the steering wheel in a rehearsed rhythm. A CHAMPAGNE BOTTLE rests in the passenger seat.

She taps RECORD on her phone. The red dot blinks.

LILY (V.O.)
Today I get to be the maid of honor.

She looks at herself in the rearview mirror, studying her own face like it belongs to a stranger she has to impersonate.

LILY (V.O.) (CONT'D)
Be warm. Be helpful. Be normal.

A beat. Her jaw tenses.

LILY (V.O.) (CONT'D) (CONT'D)
People love Mia because she's seen.

Quick flashes in her mind: MIA laughing on a beach, MIA crying and hugging her, MIA in a cap and gown.

LILY (V.O.) (CONT'D) (CONT'D)
They'd love me if they knew me.

She swallows, eyes glistening but she won't let the tear fall.

LILY (V.O.) (CONT'D) (CONT'D)
(softer)
Sophomore year you said you loved me,
remember? "No one makes me feel safe
like you do."

She smiles, small and private — a forbidden keepsake.

LILY (V.O.) (CONT'D) (CONT'D)
I believed you.

The smile vanishes, replaced by steel.

She stops the recording, hits SAVE. The phone screen shows
VOICE MEMO TITLE: "MIA - ENGAGEMENT DAY."

She pastes on a bright, too-wide smile and EXITS the car.

EXT. DAY - VENUE PARKING LOT - FOUND FOOTAGE

MIA holds the camera selfie-style, trying not to look awkward
filming in public.

MIA
Okay... I'm nervous. Filming in public
is weird.

LIAM walks ahead, relaxed.

LIAM
You post your whole life, babe.

MIA
Yeah, but this is different. This one
matters.

She says it half to him, half to the future audience. They
step through:

- CHANDELIERS glowing warm.
- POLISHED FLOORS.
- The hint of a ROOFTOP above.

They emerge onto -

EXT. ROOFTOP - DAY - CONTINUOUS

The city stretches in every direction. String lights coiled
but unlit. Empty tables waiting. Mia's breath catches.

MIA
This is where the magic's happening.
Rooftop dinner, dancing, everything.

She sets the camera down to frame a wide shot of the skyline.
Across the roof, LIAM jogs to his mark.

LIAM
Made it!

Mia laughs, but her laugh feels slightly forced. In the

background, LILY lingers by the edge, eyes moving slowly:

- The RAILING.
- The gaps between TABLES.
- An empty PLANTER.
- A SECURITY CAMERA half-hidden under an overhang.

Her POV: each item becomes a marker in a mental map. She takes a small step to stand where Mia just stood, testing the view, the sightlines.

LILY
(under her breath)
It really does see everything.

Mia runs into Liam's arms. They collide in an embrace, frozen in pure joy for the camera.

LIAM & MIA
See you tomorrow!

FADE OUT.

INT. VENUE - DAY

Quick montage: chandeliers, polished floors, rooftop overlooking the city.

MIA
This is gorgeous. Kitchen, rooftop,
everything.

They reach the rooftop. Mia sets the camera down.

MIA (CONT'D)
Okay - go stand over there.

She directs Liam across the roof. He jogs to the other side; she laughs at his run.

LIAM
Made it!

MIA
This is where the magic's happening.
Rooftop dinner, dancing, everything.

She runs toward him, laughing. The laughter feels slightly

off — forced.

They collide in an embrace, freeze-framed joy.

LIAM & MIA
See you tomorrow!

INT. DAY — MIA'S APARTMENT — FOUND FOOTAGE

Soft morning light. A PHONE CALL ends abruptly as LIAM re-enters the room, shoving his phone behind his back a beat too late.

MIA, mid-vlog, narrows her eyes.

MIA
(suspicious, playful)
You think you're slick? I heard you.

LIAM
(laughs, a little off)
It's about the party. Don't worry.

He flashes his best harmless-boyfriend smile, then grabs the vlog camera.

He flips the screen to CHECK HIS OWN ANGLE, adjusting his hair without thinking. Performance muscle memory.

LIAM (CONT'D)
(to camera)
Guess I ruined the surprise. We've got a driver picking everyone up, all of us together — me, Mia, and the wedding party.

Mia watches him through the camera — seeing the man and the image at once.

MIA
(soft, covering concern)
That's actually sweet. Okay, forgiven.

She leans in for a kiss, still eyeing the phone in his other hand.

LIAM
(to camera)
We'll catch up later, people. Big
(MORE)

LIAM (CONT'D)
night ahead.

He clicks the camera off.

Silence.

For a moment, Mia just looks at him. Wants to ask. Doesn't.

Instead she picks the camera back up, the SMILE already loading.

MIA
(quiet, to future viewers)
It's just the surprise. Right?

She forces a quick nod, as if confirming it for herself, then hits RECORD again.

EXT. DRIVEWAY - DAY - FOUND FOOTAGE

A sleek BLACK CAR idles at the curb.

MIA
Ooh, this is nice.

LIAM
Told you.

They climb inside. The DRIVER turns.

DRIVER
Mia and Liam for the engagement party?

LIAM
Yep. Let's roll.

MONTAGE - PICK-UPS

EXT. SUBURBAN STREET - DAY

LILY bursts out of a modest apartment building, waving a half-empty CHAMPAGNE BOTTLE.

She's already warm, cheeks flushed.

LILY
Ahhh! Heyyy!

She slides in beside Mia, immediately resting her head on Mia's shoulder like it's always belonged there.

MIA
(laughing)
Girl, you're drunk already.

LILY
Tipsy. There's a difference.

Mia laughs it off. Liam's eyes flick to their closeness in the rearview. Lily clocks that in the mirror, her expression going momentarily FLAT – then she snuggles closer to Mia, claiming territory.

EXT. APARTMENT COMPLEX - DAY

BRIAN appears with a pack of HEINEKEN.

BRIAN
Let's gooo!

LIAM
There he is.

He hops in, immediately clocking the weird energy between Lily, Mia, and Liam. He almost comments, then pivots.

BRIAN (CONT'D)
Pre-game strategy, babe.

LILY
You know there's alcohol there, right?

BRIAN
That's why I'm doing research.

Everyone laughs – tension momentarily smoothed.

EXT. SMALL HOUSE - DAY

OLIVIA emerges with a BOWL OF OLIVES, dead serious.

MIA
Why do you–

OLIVIA
You said "bring something uniquely you."

LIAM
That's corny.

LILY
Tomatoes!

They all laugh. Olivia laughs too, but her eyes are sharp, already scanning Lily's too-intense smile, the way Liam keeps glancing at his phone.

She files it away. Pattern recognition.

EXT. STREET - SUNSET

The car pulls up. ELISHA steps into the light – camera-ready, effortlessly confident, almost glowing.

MIA & LIAM
Hey, beautiful!

Lily's smile TWITCHES. Brian low-whistles under his breath. Olivia quietly films Mia seeing Elisha – there's history in that microsecond.

BRIAN
Let's get this show started.

Music and chatter fill the car as they drive.

INT. CAR - SUNSET - MOVING

The camera wobbles as it records laughter, clinking cans, bad singing. A moving confessional box. For a moment, Mia flips the camera to herself.

MIA
(soft, almost honest)
I don't even know how I got this
lucky.

She glances at Liam, at Lily's head on her shoulder, at Elisha laughing at a joke.

MIA (CONT'D)
I just... hope I don't mess it up.

She kills the recording before anyone hears that part.

INT. CAR - SUNSET - MOVING - FOUND FOOTAGE

The camera is on the floor now, recording crooked angles:

- Liam's knee.

- Mia's dress.
- Empty bottles rolling.

LIAM scrolls his phone beside Mia.

ON SCREEN: a message.

"u free after? - E."

His thumb hovers. He glances at Mia, then quickly tilts the screen down. But in the WINDOW REFLECTION beside him -

LILY sees everything.

Her smile freezes. The world around her muffles for a second, only the glow of the message burning in her vision.

Her hand clenches around the champagne bottle, LABEL CRINKLING.

MIA
(turning back)
What?

Lily snaps out of it. Forces a big, bright, loud smile.

LILY
(too fast)
Nothing. Just thinking how perfect
tonight's gonna be.

She taps her phone, opening her VOICE MEMO app, thumb hovering over "MIA - ENGAGEMENT DAY."

For a second, she starts to add a new note: "TELL HER THE TRUTH."

Then deletes the title instead. She locks the phone. Decision made.

EXT. SUBURBAN STREET - DAY

The car stops.

LILY (25) bursts out, waving a champagne bottle half-empty. Her warmth seems genuine - but her eyes linger too long on Mia.

LILY
Ahhh! Heyyy!

MIA
Girl, you're drunk already.

LILY
Tipsy. There's a difference.

She slides in beside Mia, resting her head briefly on her shoulder. Mia laughs it off. Liam watches, uneasy.

EXT. APARTMENT COMPLEX - DAY

BRIAN (25) appears with a pack of Heineken.

BRIAN
Let's gooo!

LIAM
There he is.

LILY
You know there's alcohol there, right?

BRIAN
Pre-game strategy, babe.

Mia laughs. The energy is light but edged.

EXT. SMALL HOUSE - DAY

OLIVIA (25) walks out with a bowl of olives.

MIA
Why do you—

OLIVIA
You said "bring something uniquely you."

LIAM
That's corny.

LILY
Tomatoes!

They all laugh.

INT. CAR - SUNSET - FOUND FOOTAGE (INSERT)

The camera catches LIAM scrolling his phone beside Mia.

A message glows: "u free after? - E."

He flips the screen down quickly.

LILY, sitting behind him, notices through the reflection on the car window. Her gaze hardens, then she forces a smile when Mia turns around.

MIA

What?

LILY

Nothing. Just thinking how perfect tonight's gonna be.

EXT. STREET - SUNSET

ELISHA (26) steps into the light - camera-ready, confident, almost glowing.

MIA & LIAM

Hey, beautiful!

Lily's smile twitches.

LILY

Hey.

BRIAN

Let's get this show started.

Music and chatter fill the drive.

The car becomes a confessional: laughter, camera flashes, small glances that betray discomfort.

EXT. ROOFTOP VENUE - NIGHTFALL

The group steps into an ambient rooftop scene - string lights, champagne, city skyline glimmering. It's cinematic, almost too perfect.

The TOUR GUIDE greets them briefly and exits.

Lily hangs back a pace as everyone rushes to the edge for selfies.

She raises the vlog camera like it's a weapon and starts directing.

LILY

Okay everyone! So tonight's all about celebrating Mia and Liam's story – their beginning, their future, their chaos.

She laughs. Only Olivia catches that last word.

LILY (CONT'D)

Dinner first, then a slideshow I made just for them.

Everyone claps. Mia blushes, embarrassed but touched. Elisha rolls her eyes subtly; Olivia catches it on camera.

As they move toward the dining area, Lily pauses near a PLANTER. Above it, a tiny SECURITY CAMERA blinks red.

Her POV: BODYCAM POV reversed. The lens looks down at her.

She steps into its frame deliberately, testing the angle, tilting her chin like she's finding her light.

LILY (CONT'D)
(under her breath)
Every angle covered.

She looks at the planter where the SD card will eventually hide, then up at the camera again.

LILY (CONT'D) (CONT'D)
(even quieter)
Good. They'll have to believe what they see.

She smooths her dress, pastes on a warm smile, and rejoins the others.

The CAMERA blinks, recording.

EXT. ROOFTOP VENUE - NIGHT - FOUND FOOTAGE

The group enters beneath strings of light. Laughter fades under the wind.

Trailing behind, LILY pauses near a PLANTER. Above it, a tiny

SECURITY CAMERA blinks red.

She studies it, calculating.

LILY
(under her breath)
Every angle covered.

She smooths her dress, pastes on a warm smile, and rejoins the others.

INT. ROOFTOP DINING AREA - NIGHT

Warm light. Clinking silverware. Chicken parmesan and champagne. The table is alive with small talk and inside jokes.

Mia vlogs bits of the dinner, but her smile grows thinner each time Liam's phone lights up beside his plate.

MIA
(to camera)
I don't even have words. I feel so...
full.

LIAM
Of food or love?

MIA
(chuckles, automatic)
Both, I guess.

Across the table, Olivia watches Lily watch Mia.

Lily's hand fidgets with a small USB DRIVE under the table, thumb rubbing the metal raw.

LILY
(to herself, barely audible)
She always says what she thinks people
want to hear.

Lily stands, raising her glass, the movement a little too sharp.

LILY (CONT'D)
So... before we move on, I just want
to say something.

The table quiets. Cameras lower instinctively.

LILY (CONT'D) (CONT'D)
Mia, you've always been... radiant.

Mia's cheeks flush. She hates this much attention but can't seem ungrateful.

LILY (CONT'D) (CONT'D)
Like you live in the light and forget
the shadows.

A flicker crosses Mia's face — that line hits something she tries not to name.

LILY (CONT'D) (CONT'D)
You taught me how to fake it too.

Olivia glances around — is this... a compliment? A threat? Elisha takes a long, pointed sip of champagne.

MIA
(smiling awkwardly)
That's... sweet, Lily.

Lily's gaze slides to Liam.

LILY
And Liam — congratulations. You're the
luckiest man alive.

There's a slight bitterness under the words. Liam feels it, forces a grin.

LILY (CONT'D)
Now... let's watch a little love
story.

She nods to Elisha, who reluctantly gets up to start the slideshow.

Olivia presses RECORD on her phone. Something in her gut says: remember this.

Mia vlogs bits of the dinner, but her smile looks thinner each time she glances at Liam's phone lighting up.

MIA

I don't even have words. I feel so...
full.

LIAM
Of food or love?

MIA
(chuckles)
Both, I guess.

Lily watches – quiet, calculating.

LILY

She always says what she thinks people

The camera pans to her hand, fidgeting with a USB drive.

LILY (CONT'D)
(raising a glass)
So... before we move on, I just want

The table quiets.

LILY (CONT'D) (CONT'D)
Mia, you've always been... radiant.
Like you live in the light and forget

The others glance at each other – unsure whether to clap or cringe.

MIA
(smiling awkwardly)
That's... sweet, Lily.

LILY
And Liam – congratulations. You're the
luckiest man alive.

A flicker of bitterness under her words.

LILY (CONT'D)
Now... let's watch a little love
story.

She nods to Elisha, who reluctantly starts the slideshow.

The first few slides are sweet – childhood photos, vacations,
proposal clips.

Then, something shifts.

The music distorts.

Images flash – Lily and Mia, younger, laughing in a too-close
embrace. Then Liam and Elisha – caught mid-kiss, blurry but
undeniable.

(table audibly Gasps)

OLIVIA
(turns off the projector)
What the hell, Lily?

Lily punches her in the back of the head – sharp, impulsive.

The sound is horrifyingly real.

MIA
What the fuck, Lily?!

Lily's breathing hard, eyes wide but eerily calm.

LILY
You think you know what love is, Mia?
You don't even know who you are.

MIA
You need to leave. Right now.

LILY
I'm not leaving you. Not again.

She reaches toward Mia – pleading, desperate.

MIA
Back off.

LIAM
Hey–

He steps forward. Lily grabs the steak knife from the table.

A sharp movement. A scream.

Blood hits the white tablecloth.

FADE OUT

INT. ROOFTOP DINING AREA - NIGHT - CHAOS

OLIVIA stumbles forward, clutching her head.

MIA
What the fuck, Lily?!

Lily stands there, chest heaving, eyes wild but eerily lucid.

LILY
You think you know what love is, Mia?
You don't even know who you are.

Mia's mask finally cracks – raw hurt replaces the curated smile.

MIA
You need to leave. Right now.

LILY
(breaking)
I'm not leaving you. Not again.

She reaches toward Mia, almost childlike, pleading.

MIA
(backing away)
Back off.

LIAM
Hey–

He steps between them, instinctively claiming space as “the man of the house.” Lily's eyes snap to him with pure hatred.

Her hand shoots out, grabbing the STEAK KNIFE from the table.

A sharp, ugly movement. A flash of metal.

A SCREAM.

Liam's hands fly to his neck, blood surging between his fingers.

MIA

Liam! Oh my God— stay with me, stay
with me!

She drops to her knees, trying to press his hands tighter to
the wound. Her dress soaks in red.

BRIAN

(in shock, then furious)
Jesus Christ, Lily— what did you do?!

Lily's breathing is ragged. Tears streak her cheeks, but her
voice comes out strangely detached.

LILY

(more to herself)
He touched what wasn't his.

She looks at Mia when she says it. Not the knife. Not the
blood. Mia.

MIA

(screaming)
You're insane! Somebody call 911!

Elisha fumbles for the camera, searching for phones.

ELISHA

Phones— where the hell—

OLIVIA

(on verge of tears)
They're on the dinner table, remember?

A tense beat. Blood pools.

Lily stands over Mia, knife still in hand, face streaked and
shining with sweat. Her eyes lock onto Mia's.

MIA

(steady, terrified)
Lily, listen to me. You don't have to
do this. We'll say it was an accident—
just put the knife down.

LILY

(voice trembling, fierce)
Do you remember sophomore year? That
night after homecoming?

Mia's face twitches — she remembers.

LILY (CONT'D)
You said you loved me. You said no one
ever made you feel safe the way I did.

Mia's eyes fill with tears – not just of fear, but a grief
for something she buried.

MIA
(weak, defensive)
I was drunk. We were kids.

Something in Lily SHATTERS.

LILY
No. We were honest.

Her grip tightens on the knife.

LILY (CONT'D)
You just buried it when it got
inconvenient.

Mia lunges for the knife. They STRUGGLE, bodies colliding,
chairs scraping.

BRIAN
(to Elisha, panicked)
Go! Call the cops!

Elisha bolts for the dining table. Olivia tries to help Mia
pry the knife free.

Lily twists out of Mia's grip, fueled by a lifetime of
invisibility turning to rage.

With one violent, desperate motion, she jerks Mia backward—
—SNAP.

The sound is sickening.

Mia collapses, her body going slack instantly.

The CAMERA (someone's phone) clatters to the floor, still
recording her lifeless eyes.

OLIVIA
(screaming, shattered)
Oh my God, she killed her—

LILY
(shaking, breaking)
She wanted it over. She said she
couldn't breathe—

BRIAN
(snaps, charging her)
You're out of your mind!

He rushes her. For the first time all night, Brian chooses a side.

Lily swings wildly — the knife glances off his arm. She grabs a CERAMIC PLATE, hurls it at his head. It SHATTERS against his skull. Brian drops in awful silence.

Elisha, hands slick with blood, finally gets through to 911.

INT. ROOFTOP VENUE - NIGHT - FOUND FOOTAGE (CONTINUED)

LILY
(quietly, trembling)
He touched what wasn't his.

Her words come out detached, almost whispered to herself.

MIA
You're insane! Somebody call 911!

ELISHA

Phones— where the hell—

OLIVIA

They're on the dinner table, remember?

A tense beat. Lily stands over Mia, knife still in hand, face streaked with tears and sweat.

LILY

If anyone moves— I swear to God—

MIA

Lily, listen to me. You don't have to do this. We'll say it was an accident— just put the knife down.

Lily steps closer, voice trembling but fierce.

LILY

Do you remember sophomore year? That night after homecoming?

Mia's expression falters — a memory flashes across her face.

MIA

No. We were honest. You just buried it when it got inconvenient.

The tension cracks — Mia lunges for the knife. They struggle, screams fill the air.

BRIAN

Go! Call the cops!

They bolt toward the dining table. Lily twists out of Mia's grip, rage snapping through her body.

With one violent motion, she jerks Mia backward—

Mia collapses instantly.

The camera clatters to the floor, still recording her lifeless eyes.

OLIVIA
(screaming)
Oh my God, she killed her—

LILY
(shaking)
She wanted it over. She said she
couldn't breathe—

BRIAN
You're out of your mind!

He rushes her. Lily swings — the knife glances off his arm, then she hurls a ceramic plate that shatters against his skull.

Brian drops. Silence.

Elisha fumbles with her phone, hands slick with blood.

ELISHA
(into phone)
Nine-one-one! We need the police—
rooftop of the Rosemont Terrace!
Someone's killing everyone— please—

LILY
(voice distorted, off-camera)
You can't fix what's already broken.

A vase SMASHES. The phone goes dead.

The found footage jitters, recording chaos — screams, motion blur, then static.

INT. ROOFTOP - NIGHT - POLICE BODYCAM

Sirens blare below. Officers storm up the stairwell.

The door bursts open to chaos: overturned tables, streaks of blood, bodies still.

LILY sits against the railing, blanket around her shoulders, sobbing quietly. Her face is pale — but her eyes are dry, too focused.

POLICE #1
Ma'am, are you okay? What happened
here?

She lifts her head slowly, like surfacing from a nightmare

she crafted herself.

For half a second, FLASHES:

- Her hand on the knife.
- Mia's neck snapping.
- Brian's body falling.

Then she shuts the door on those images.

LILY
(soft, disoriented)
It all happened so fast. Elisha... he
snapped.

She swallows, summons tears.

LILY (CONT'D)
He went after Mia, after Liam tried to
stop him-

POLICE #2
(writing)
Wait- the cameraman did this?

LILY
He was obsessed with her. Everyone
thought it was innocent- it wasn't.

The officers exchange glances. The bodycam catches all of it.

POLICE #1
Where's the footage?

Lily holds his gaze, not blinking.

LILY
He took the camera. I-I don't know
where it went.

FLASHBACK - LILY'S HAND SLIDING THE SD CARD FROM THE CAMERA
AND TUCKING IT INTO THE POTTED PLANT.

BACK TO SCENE.

POLICE #2
Ma'am, we need your statement before
you go anywhere.

LILY
(shaky breath)
Of course. I just— need air. Please.

POLICE #1
Just tell us what you saw.

Lily composes herself. This is her real performance.

LILY
(smoothly rehearsed)
Dinner started normal. We toasted,
laughed... Elisha got jealous when
Liam made a joke about Mia's vlog.
Then he started shouting, grabbed a
knife— it was chaos. Liam tried to
defend her, but—

She lets her voice break perfectly at "defend."

POLICE #2
And you?

LILY
(a perfect lie)
I froze. I couldn't stop him.

A quick, almost imperceptible FLASH of her yanking Mia's neck
just plays across *her own* eyes.

POLICE #1
You're sure Elisha was the one with
the knife?

Lily looks directly into the bodycam lens now.

LILY
(slow, calm)
I wish I wasn't.

She holds the gaze a fraction too long.

The officers turn away to radio it in.

Lily exhales. A faint, detached smile flickers — gone as soon
as she feels it.

She pulls the blanket tighter, like costuming herself as the
survivor.

EXT. ROOFTOP - NIGHT - LATER

Flashing red and blue lights wash the rooftop in a surreal, almost beautiful haze.

A CORONER'S SHEET covers Mia. Liam's body lies nearby.

Lily stands near the edge of the roof, the city sprawling below – glittering, indifferent.

The wind plays with her hair. For the first time tonight, real tears roll down her cheeks.

POLICE #3 (O.S.)
Miss? You're free to go once we finish
the paperwork.

Lily nods without turning.

LILY
(softly, almost smiling)
Thank you.

She looks out at the skyline like it's an audience.

LILY (CONT'D)
(to herself)
They'll only remember the video. Not
the truth.

Her reflection glows faintly in the bodycam lens of a nearby officer – she knows where the cameras are now. She always will.

LILY (CONT'D) (CONT'D)
(to the lens; a vow)
Every love story needs a witness.

FADE OUT.

EXT. STREET - NIGHT - LATER

Lily walks alone under dim streetlights, police blanket draped around her like a hero's cape that doesn't fit.

Her PHONE VIBRATES.

She checks it. UNKNOWN NUMBER.

ON SCREEN:

"I saw what you did."

Attachment: ROOFTOP_CAM_01.mp4

She stops walking.

The color drains from her face for the first time. Not at the bodies. Not at the blood. At losing control of the narrative.

Her thumb hovers over the attachment. She doesn't open it.

LILY (V.O.)

People love Mia because she's seen.

FLASHES - MIA LAUGHING, MIA CRYING, MIA IN LILY'S BEDROOM.

LILY (V.O.) (CONT'D)

They'd love me if they knew me.

She pockets the phone.

Behind her, a distant POLICE SIREN fades. She keeps walking into the dark, a small figure with a giant secret chasing her.

FADE OUT.
